## EXPERIENCE

### Frontend Developer Intern — Jan 20 - Mar 20

VIDGYOR MEDIA TECHNOLOGIES, BENGALURU

- Worked on the product "V-Prism", that enable news channels and other media platforms to create live feeds & then clip and upload videos to Youtube
- Integrated AWS Cognito Services for the authentication and Youtube video upload service.

### Full-stack Developer Intern — Jun 19 - Jul 19

TECTONIC ENTERPRISES PVT. LTD, GHAZIABAD

- Worked on the client product that helps mothers to track their health during the pre-pregnancy timeline
- Technologies Used: MERN stack, AWS S3 on the server-side

### Web Development Intern — Nov 18 - Feb 19

NK LEARNICARE, MUMBAI [REMOTE]

- Rebuilt the event management & candidate registration portal from PHP to NodeJS single-handedly in less than 2 months
- Integrated mailing services and developed the employee management system. Tech Stack: Express, NodeJS, MongoDB, Vanilla JavaScript

## EDUCATION

B.Tech. Computer Science — 2016-20

KIET Group of Institutions - AKTU, CGPA: 7.8

## PROJECTS

### Coderbano

The platform for coders to get updates about programming contests and solve the coding contests.

### Shopkart

Developed the in-mall shopping system, based on the implementation of QR codes, integrated mailing services. Won the second prize in the Intercollege Tech event.

### DSC KIET Portal and Website (dsckiet.com)

Developed the REST APIs and dashboard for a community and event management portal. Integrated GitHub APIs to send the invitation to join an organisation. Made a QR-based attendance app. Developed the website using MERN stack.

## TECHNOLOGIES

JavaScript	React Native*
React	ExpressJS
NodeJS	MongoDB
AdobeXD	Django

## CONTRIBUTIONS

Lead DSC KIET, the student community by Google Developers for 15 months.

Worked for the college technical team, built college website, inter-college event app and annual appraisal system in Django.

Organised first-ever free hackathon in the campus and more on [Portfolio](#).

## OTHER NOTEWORTHY STUFF

- Conducted bootcamps teaching HTML, CSS, JavaScript, Git, Android, UI Designing to hundreds of student-developers
